About

AREF represents funds, fund managers and associated organisations investing in property and property related interests, domiciled in the UK, Eire and the Channel Islands, irrespective of where invested or location of investors.

AREF is recognised by the Treasury, the FSA, the Bank of England and the EU as the leading spokesperson for the UK real estate funds industry. AREF represents over 80% of marketed unlisted UK real estate funds.

Lobbying

The Association lobbies extensively on tax, regulatory and other issues of commercial interest to our members.

We have a close dialogue with the Treasury and the Bank of England on liquidity, onshoring and the tax treatment of APUTs and PAIFs.

We have made firm and detailed responses to the government, the FSA and the EU on the changes arising from the Finance Act, PAIFs, the valuation of

immovable property/fair value (CP 08/7) and OEREF's, the EU's passporting scheme for open-ended real estate funds.

As users of valuations we have worked closely with the RICS on valuation guidance in response to current market conditions.

We are assisted by the Investment Management Association who are the provider of secretariat services to AREF.

Promoting Investor Confidence

As 'Manager of Managers' we promote 'shareholder/unit holder activism', and as such investors and trustees will 'encourage' funds to demonstrate membership of AREF, compliance with the AREF Code of Practice (endorsed by the NAPF) and the public listing of their results through the AREF sponsored IPD UK Pooled Property Fund Indices.

Industry Intelligence

AREF's Investment Quarterly (AREF IQ) provides data and commentary on fund returns, liquidity, yields, new money raised and gives a valuable overview of the UK unlisted real estate funds market.

What we do

Transparency

Full members agree to abide by AREF's Code of Practice when joining the Association. The Association's Code (endorsed by the NAPF) sets out 11 minimum compliance areas and best practice standards for reporting, management structures, accounting, unit dealing and performance measurement.

Performance Measurement and Verification

AREF promotes performance transparency, conformity and ease of comparison across member funds to aid investors in their decision-making via the AREF sponsored IPD UK Pooled Property Fund Indices (PPFI). The PPFI is now recognised by consultants, investors and fund managers as the

leading indirect property benchmark. The Association encourages all pooled property funds regulated in the UK, Eire and the Channel Islands to become a member of the indices in order that investors can access unbiased and accurate long-term performance data.

Connect and Inspire

AREF enables you to connect with your peers through inspirational thinking, thought leading events and workshops.

AREF's website (www.aref.org.uk) receives over 6,000 hits a month and has become the major information hub for UK unlisted real estate.
