Unit pricing

The bid and offer price of the units are calculated on the date of the monthly valuation (i.e. on 25th of each month, except for 24th June and 29th September). The Trust has no direct fixed-rate borrowings. Performance fees, which are paid annually from income, are estimated and accrued on a quarterly basis.

Distributions

Distributions are made quarterly on 15 February, 15 May, 15 August and 15 November for the periods to 25 March, 24 June, 29 September and 25 December, respectively. Income accrues monthly to each registration day (the 26th of each month, except 25 June and 30 September).

Minimum investment/disinvestment

The minimum investment is 10,000 units and applications must be in multiples of 1,000 units.

Creation, transfer and realisation of units

Units may be purchased on 12 subscription days annually. These are on the 26th of each month (apart from 25th June and 30 September) or the following business day. Redemptions must be notified in writing to take effect on the next following notice day. These are 26 March, 25 June, 30 September and 26 December. Under normal circumstances, the proceeds will be paid three months later, i.e. on the next following notice day. In exceptional circumstances, the Trust Manager may defer the redemption of some or all of the units for up to nine months. In extreme circumstances, as a last resort, which would arise only if a major proportion of unitholders wished to withdraw, the trust would be terminated and the net proceeds distributed to unitholders. The manager will attempt, where possible, the matching of buying and selling orders, with any resulting transfer being effective on the next registration day.

Taxation

Capital Gains Tax

The trust is exempt from capital gains tax

Income Tax

Distributions are paid without withholding income tax.

Stamp duty reserve tax

Transfers of units are not subject to SDRT.

Charges

Annual fees

The Trust Manager is entitled to receive a fee of 0.40% per annum of the net asset value of the Trust, subject to a minimum fee of £1,300,000 per annum.

Performance fees

In addition, the Trust Manager may receive performance related fees if the performance of the Trust exceeds the average weighted total return on the agreed benchmark, being the average return on the MSCI UK Other Balanced Funds Index Weighted Average Returns, on a three year annualised rolling average basis. The amount of the fee is calculated as 17.5% of the outperformance amount generated.

The total fees payable to the Trust Manager are capped at 0.8% of the net asset value of the Trust.
