Unit pricing

The share price is calculated monthly on valuation day, the last working day of each month.

Distributions

Distributions of income are made monthly, on the 14th of each month.

Minimum investment/disinvestment

Minimum initial	GBP100,000
Minimum additional investment:	GBP100,000
Minimum redemption:	GBP100,000
Minimum holding:	GBP100,000

Creation, transfer and realisation of units

Investment into the Fund is on the monthly Dealing Day. This is the seventh business day of each month. All deals will be transacted at

the price which is determined at the Valuation Point for that month (the last business day of the prior month as described following). Applications to purchase shares on a particular Dealing Day must be received by RLAM in writing before close of business on the 15th of each month. (e.g. applications received on or before 15 June will be invested at the price determined on the last day of June, with the investment made on the 7th business day of July.)

Investments can be made at any time during the month. Any cash received prior to the Dealing Day will be held in a Designated Client Money Account until the next Dealing Day when shares will be purchased with this cash holding. Interest will not be paid on cash while awaiting investment.

Late applications will be carried forward to the next Dealing Day.

Shares can be sold/redeemed at any time. Applications to redeem shares must be received by RLAM, in writing, at least three months in advance of the relevant Valuation Point. (e.g. applications received on or before 1 June will be redeemed at the price determined on the last business day of August, with the redemption made on the 7th business day of September.)

If the ACD is instructed to send the money to the investor's bank or building society account this will be accepted as a request to send money by telegraphic transfer (the ACD reserves the right to pass on the cost for this service). If the investor sells enough Shares that the value of their holding falls below the minimum holding amount required, then the ACD has the right to sell all of the investor's remaining shares.

A contract note will be sent confirming the transaction.

If a redemption request exceeds 5% of the value of the Fund, then the ACD, following consultation with the Depositary that it is in the best interest of the holders and the Fund, may defer a request to redeem shares and carry forward any redemption applications to the next Dealing Day, subject to a maximum delay of one Dealing Day.

Taxation

The following is a summary of current law and practice and is subject to change. The information should not be regarded as legal or tax advice.

Capital Gains Tax

The Fund is exempt from capital gains tax.

Income Tax

While distributions of income are made net of income tax, shareholders are able to reclaim the tax deducted, and vouchers for this purpose are sent to shareholders with each distribution.

Stamp duty reserve tax

Transfers of shares are subject to SDRT, currently 0.5%.

Charges

Preliminary charge:

The Fund no longer has a preliminary charge.

Annual charge

The manager is entitled to a minimum fee equivalent to 0.75% pa of the net asset value of the Fund (which is deducted on a monthly basis).

Performance fee

The Fund's quartile ranking against the Other Balanced Fund Index component of the MSCI/AREF UK Quarterly Property Fund Index for the most recently available Year will be taken and applied to the following table:

If performance as compared to the Other Balanced Funds Index component of the MSCI/AREF UK Quarterly Property Fund Index falls into the fourth (bottom) quartile of the index, then the performance fee will be negative at -0.10%. (Any negative performance fee will be deducted from the AMC and will not result in a rebate to the unitholder.)

If performance falls into the third quartile of the index, then no performance fee will be payable.

If performance falls into the second quartile of the index, then a performance fee of 0.10% will be payable.

If performance falls into the first (top) quartile of the index, then a performance fee of 0.30% will be payable.

The performance fee will be calculated, and paid out of Scheme Property on a monthly basis, at each monthly valuation point and will be paid to the Investment Adviser at the same time as the periodic management charge is also paid to the ACD.
