Unit pricing

The unit price is calculated on the pricing day, following the monthly valuation of the portfolio. Net income is not included in the calculation. Redemptions are priced on a 'Bid Price basis'. The bid price quoted is based on the static bid/offer spread.

Distributions

Distributions of income are made quarterly as soon as is practical following the last days of March, June, September and December.

Minimum investment/disinvestment

The minimum initial subscription for units is GBP250,000. However, the manager may accept lesser amounts (with a minimum of GBP25,000) where the manager is satisfied that the investor has received financial advice, or the investment is made on the investor's behalf by a discretionary investment manager. The minimum amounts required for any subsequent investment is determined by the manager and is currently GBP10,000. Subscriptions may be accepted or rejected by the manager in its discretion.

Creation, transfer and realisation of units

The Realisation Price is determined (under normal circumstances) on the fifth Pricing Day following receipt of notice, with settlement as soon as practicable following the realisation price being fixed. The Manager has the power to defer settlement of redemptions to protect continuing Unitholders, in which circumstances the Realisation Price will be determined on the first Pricing Day at which the Manager deems it appropriate to settle such redemption. (See "Redemption notices outstanding", overleaf.)

Taxation

Capital gains tax: since it is registered in Jersey, the trust is not subject to UK capital gains tax. Those investors who are subject to tax may be liable to capital gains tax on the redemption or sale of their units in the trust.

Income tax: distributions to UK resident unitholders are paid gross of tax. Distributions to non-UK resident unitholders are paid net of tax. Stamp duty reserve tax: the trust's registration in Jersey means that the surrender and issue of units does not attract SDRT.

Charges

Management fees

For unitholders categorised as charities, UK pension funds or other tax exempt holders, the fee is 0.68% pa of gross assets up to GBP200m. For gross assets above GBP200m, the charge (in respect of the increment) reduces to 0.60% pa. For unitholders in all other categories of investor, the charge is 0.75% pa of gross assets.
