

Nuveen Real Estate UK Property Fund

INVESTMENT POLICY AND OBJECTIVES

The Fund has been established to provide unit holders with the opportunity to access a diversified portfolio of UK commercial properties. The objective of the Fund is to outperform the median fund in the All Balanced Fund Index component of The MSCI/AREF UK Quarterly Property Fund Index.

INVESTOR CONSTITUENCY

The Fund is open to UK and overseas tax-exempt and tax-paying non-private investors.

Unit pricing

The unit price is calculated on the last business day of each month. Income is not included in the unit price. Some of the vehicles through which the Fund holds directly-held investments have fixed-rate debt. The market value of this debt is not published and it does not reflect in the monthly recalculation of the Fund's net asset value.

Distributions

Distributions are made monthly, normally on the 20th of each month or the following working day. Ex-distribution dates are the penultimate working day of each month, i.e. the day before pricing. Distributions are paid to the unitholders shown on the register on the ex-distribution dates.

Minimum investment/disinvestment

The minimum initial investment is GBP250,000, although the manager, at their discretion, can allow investors to invest as little as GBP25,000 where it is satisfied that the investor has received financial advice or the investment is made on the investor's behalf by a discretionary investment manager. Existing unitholders may increase or decrease their holdings by minimum amounts of GBP10,000 (rounded to the nearest number of whole units). No redemption notice will be accepted that would result in a holding falling to below the minimum holding value determined by the manager (currently GBP10,000).

Creation, transfer and realisation of units

The fund is open to subscriptions on a monthly basis, with applications to be received at least three business days before subscription day, which is the last working day of the month.

As from March 2009, the Manager has the discretion to defer redemptions if it deems it in the interest of continuing unitholders to do so. Redeeming unitholders may not withdraw their realisation notice in respect of units which the Manager has notified the unitholder that it has determined can be redeemed or any units which are within the last 3 months of the 24-month redemption window.

The manager will attempt, where possible, the matching of buying and selling orders. Such transfers are effective from the last business day of the month during which they take place.

Taxation

The following is a summary of current law and practice and is subject to change. The information should not be regarded as legal or tax advice.

Capital Gains Tax

Since it is registered in Jersey, the fund is not subject to UK capital gains tax. Those investors who are subject to tax may be liable to capital gains tax on the redemption or sale of their units in the trust.

Income Tax

while distributions of income are made net of UK Income Tax, non-taxpayers are entitled to reclaim any tax deducted at source.

Stamp duty reserve tax

no stamp duty is payable on the transfer of existing units.

Charges

The trust instrument empowers the manager and investment advisor to make an annual charge totalling not more than 2% of the net asset value of the fund (including accrued income). However, the total charge is currently 1% pa and the manager has undertaken to give at least three months' notice of any increase in this figure.

The manager and investment advisor currently bear the cost of fees of service providers in relation to day-to-day management and rent collection of directly held properties, valuations, the trustees' and auditors' fees, custodian fees and the costs of preparing reports and accounts for unitholders, and market research and performance measurement. These costs may, alternatively, be charged to unitholders. The manager has undertaken to give at least three months' notice before so doing.

Unit holder analysis
