**Net asset value**

Net assets per unit are recalculated as at 31 March, 30 June, 30 September and 31 December each year, following the quarterly revaluation of the portfolio. The Manager calculates the difference between the book value and the market value of the Trust's fixed-rate debt and this is reflected in the quarterly re-calculation of its NAV. Performance fees are estimated and accrued and therefore also reflect in the quarterly recalculation of the Trust's NAV.

**Distributions**

The Trust's policy is to distribute 100% of its net income 23 business days after the end of each quarter.

**Minimum investment/disinvestment**

Minimum initial investment:	£0.5m
Minimum additional investment:	None specified
Minimum redemption:	£0.5m

**Creation, transfer and realisation of units**

The fund is closed-ended. However, the manager can raise new investment in the fund and bring in new investors without the approval of, and without with reference to, existing partners up to 25% of NAV in any calendar year, and up to 50% of NAV in any five year period.

**Taxation****Capital Gains Tax**

On the basis that the trust is managed and controlled outside of the UK, the trust is not subject to capital gains tax, although unitholders may be liable to capital gains tax on the disposal of their units.

**Income Tax**

Distributions of net income are made by the trust without any deduction of withholding tax on a quarterly basis to all holders who are UK residents or those who hold non-resident FICO clearance. All investors, regardless of where they reside, are responsible for submitting tax returns to the UK Inland Revenue.

**Stamp duty reserve tax**

Transfers of units are not subject to SDRT or SDLT.

**Charges****Annual fee:**

The Manager is entitled to a fee equivalent to 0.60% of NAV up to £325m and 0.55% of NAV above £325m.

**Performance fee:**

The Manager may earn a performance fee if the Trust's total return at both the portfolio and per unit level over rolling three year periods exceeds its Benchmark, the Distribution Warehouse sub-sector of the MSCI UK Annual Index, by three hurdles:

Property and Trust returns greater than 107% of benchmark return

Annual return over 3 year periods is greater than the benchmark return plus 25 basis points

Trust return is a minimum of 5% per annum

If the fund outperforms all three hurdles then the performance fee is calculated as 20% of outperformance up to 8% of outperformance. 50% of performance fee is paid out annually, if reserve account is in credit. Under-performance is also debited into the reserve account.

**Unit holder analysis**

	Number of unitholders	Total % held
Less than 1% of units in issue	4	2.9
1% or greater but less than 2%	14	20.3
